FF: Fellowships – Mexico

Rome, 22 November 2023

Dear Mr. Alejandro Jiménez Rios,

I am pleased to inform you that our Selection Committee has accepted your application for a Visiting Fellowship with your research proposal on *Industry 5.0 Concepts and Enabling Technologies, Towards an Enhanced Conservation Practice*, for the period from 01 February to 30 April 2024. Fellowships may be conducted online or in person at ICCROM. Please advise us as to whether you plan to undertake your fellowship online and/or in person (indicating the relevant time periods).

During the period of your fellowship, in addition to having access to the ICCROM Library on-line catalogue and document delivery services (see <https://www.iccrom.org/resources/library-services/our-services>), you will be provided with an Open Athens account for the duration of your fellowship. This will give you remote access to all subscription based electronic content of the ICCROM Library. For fellowship periods conducted in person, ICCROM will provide office space, computer/internet facilities, full access to our library services as well as insurance for civil liability. Upon arrival, you must show proof of valid major global medical and accident insurance coverage for the entire period of your fellowship.

Due to current budgetary constraints, unfortunately ICCROM is not able to provide financial support for Fellowships. Therefore, please note that your round trip travel costs to and from Rome (Italy), living costs including accommodation in Rome, where applicable visa costs, your medical and accident insurance and any other related expenses, will not be borne by ICCROM.

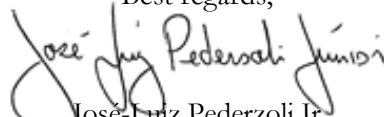

During your fellowship, you will be invited to give an introductory presentation of your fellowship research to the staff, as a way to stimulate discussion and feedback with colleagues at ICCROM. You will also be asked to make a short presentation on the research you have undertaken towards the end of your fellowship, and to write a brief narrative report on your fellowship including an evaluation of your experience at ICCROM.

We trust that this will be an opportunity not only for your own professional development, but also that it will also allow us to further strengthen our collaboration between your country and ICCROM.

Kindly confirm that you accept this offer and acknowledge receipt of this letter to Dr. Alison Heritage and Ms. Isabelle Verger at [fellowships@iccrom.org](mailto:fellowships@iccrom.org), and inform us about your preferred mailing address, including telephone and e-mail address in order to provide you with practical information to facilitate your stay at ICCROM.

We look forward to welcoming you in Rome,

Best regards,

José-Luiz Pederzoli Jr.  
Unit Manager, Strategic Planning
